Statement Of Experience In NDT – Initial Applications (All Levels)

Applicant Name:		**Date of Birth:**	
Method and Level:		**Industry Sector:**	

As defined by ISO 9712 candidates must supply verifiable documentary evidence of sufficient and satisfactory supervised industrial experience prior to certification.

For methods such as PAUT, ToFD and FMC/TFM the evidence log should clearly indicate if the activity was data capture, data analysis or both, as well as a clear log showing details of the analysis of a minimum of 250 data files.

Candidates seeking RT2 & RT3 certification will be required to show evidence in the form of a detailed log, of having viewed and assessed a minimum of 1000 radiographs / images.

The table below is a summary statement only. Evidence in the form of a job log or similar must be supplied showing details of supervised experience. Refer to page 2 for more details.

Technique/Equipment Used	Product Tested	Procedure, Code or Standard	Hours spent on Method

Logbooks / Job Logs

A logbook / job log is a detailed breakdown of experience in a specific method and sector over a limited period.

As a minimum shall contain:

- Limited date range (typically no longer that 1 month) per log entry
- Testing Equipment, Technique, Product, Standard/Code, Duration (hrs)

Generalized summaries shall not be accepted.

The log book shall:

- **Identify the name of the applicant and referee**
- **Be signed by the referee**

Notes:

a) If more than one referee is applicable, use multiple statements of experience documents to be attested individually.

b) Where dates covered by the referee do not cover the full period, multiple referees may be required. If more than one referee is applicable, please use multiple sheets for statement by referee.

c) Ensure sufficient detail is provided to cover the scope of your application.

Level 3 Applications

Provide a detailed CV / resume with full details of employment history.

Level 3 applicants must provide details and evidence of a variety of the following elements:

- Establishing Techniques and Procedures
- Interpreting Codes and Standards
- Designating Test Methods
- Interpreting Test Results
- Supervising Level 1 & 2 Activities
- Training and/or Mentoring

Statement, to be completed by all applicants.

I, the applicant declare that the summary and supplied logbook / job log is a true and accurate statement of experience for the nominated method, level and sector.

I understand that false or misrepresentation of the above would be considered a breach of the AINDT code of ethics.

I have read and understand the AINDT Guide to Certification NDT005, specifically the requirements for ongoing certification.

Statement By Referee

As defined by ISO 9712, supervision of candidates gaining experience by NDT personnel certified in the same method under supervision or by non-certified personnel who, in the opinion of the certification body, possess the knowledge, skill, training, and experience required to properly perform such supervision.

Referees not holding appropriate ISO 9712 certification must supply evidence of knowledge, skill, training, and experience required to properly perform such supervision.
